WEDDING DÉCOR TRENDS

STYLES BROKEN DOWN

DÉCOR:
Quirky Carousel – vibrant, happy and bright, evoking carefree childhood memories, combined with current trends. Mix and match styles, textures and colours that catch your fancy – be bold.

FLOWERS:
Brightly coloured proteas, added to roses and stocks create an interesting effect, in keeping with the theme of the day.

BOUQUET:
Combine plastic flowers, with ostrich feathers, angel hair, beads and ribbons for an unusual bouquet you can keep – it will definitely be a talking point amongst your guests.

CAKE:
Five tiers of joy. Choose your favourite icing styles for your cake artist to combine to create the perfect showstopping cake. Each tier could be a different flavour if you cannot choose one favourite. Attach bunting around the table perimeter to complete the fabulosity.

STATIONERY:
He proposed and you said yes...send a reminder to your family and friends to 'save the date' to attend your very special day. Windmills planted in the grass at the ceremony area add to the beauty of the garden.

"Beautifully crafted, unique, personalised, 3d Pop up Carousel themed invitations, replies and menus will enthrall your invited guests and will make wonderful keepsakes of your amazing day."
